

## **Questel Adds Searching from The Patent People to Integrated IP Services Offer**

Questel is pleased to announce the addition of **The Patent People** to our family of companies. **The Patent People** will enable Questel to offer our customers comprehensive search services in technology areas such as electrical, chemical, petroleum, mechanical, and biotech, including:

- Patentability and Novelty Searches
- Collection Searches
- Infringement Searches
- Validity Searches
- State-of-the-Art Searches

**The Patent People** will also strengthen Questel DigiPat's IP document delivery business in providing:

- Expanded File-History services and inventory worldwide
- Patent Copies
- Assignment and Title Searches
- Copyright Searches
- Legalizations and Authentications
- Certifications (Patent and Trademark)

Our website is being modified accordingly. For more information, please contact
